Obituary: Denny Sacul (1948-2023)

This morning, Bert Toar Polii informed us: the World Bridge community received a piece of sad news this morning that Indonesian bridge legend Denny Sacul passed on before 5am local time today, 13 Dec. Denny had been hospitalised at the MRCC Hospital Semangi Jakarta. Denny was 75 years old. As recently as the start of this month, he was still playing in the Tugu Muda Cup in Semarang, partnering Santje Panelewen.

Denny represented Indonesia starting from the 1973 World Championships. Over the years, Denny has been consistently at the top in the world, including a 4th place finish at the 1975 Bermuda Bowl, a 2nd place finish at the 1996 World Team Olympiad, a 2nd place finish at the 2002 World Bridge Championships and consecutive 2nd place finishes in the Senior Bowl in 2005 and 2007.

Bert Toar Polii further adds: He (Denny) had been sick for a few months. But he still played in Tugu Muda Cup Semarang on 1-3 December and his team was the winner. It was his last bridge tournament. Still a bridge champion until the end. On 9 December before I came to Singapore (for the SEABF Championships), I had a video call with him and that time he was laughing all the time, he was well.

David Law, Honorary Secretary of Malaysia Contract Bridge Association (MCBA) adds: "Denny Sacul was one of the best AND nicest players in the region. He was a player one really looked forward to playing with or against. The Malaysian bridge community pays tribute to his excellent bridge skills and warm personality. A true Champion both in bridge and in life!"

SEABF Vice-President Khunying Esther Chodchoy Sophonpanich announced the sad news and led the entire championship in observing a minute's silence before the start of play at the tournament today (13 Dec).. The SEABF Championships organising committee and the Singapore Contract Bridge Association expresses our deepest condolences to Denny's family and also to our fellow Indonesian bridge community for their loss.

Combined Teams Swiss Day 1 Vugraph Highlights

Round 1: Ambassador vs Bobo Dird

The first round of the Swiss sees a match-up between teams Ambassador and Bobo Dird at Table 1. The first round pairings are randomly drawn, and the generator seems to have given us a potentially interesting match.

L-R: Chuan Cheng Ju, Timothy Wu, Russell Siew (VGO),
Patrick Choy, Jun Yang Ang

In the Open Room, sitting NS for team Ambassador are Open Pairs runners-up Chuan Cheng (CC) Ju (North) and Patrick Choy (South) versus Timothy Wu (East) and Jun Yang Ang (West) for Bobo Dird.

L-R: Xin Guan, Jim Lee, Estee Row (VGO), Han Wei Koh,
Peter Haw

In the Closed Room, sitting NS for team Bobo Dird are Xin Guan (North) and Han Wei Koh (South) against Jim Lee (East) and Peter Haw (West).

Former WBF Vice-President Patrick Choy requires little introduction to most in this region. While their opponents Bobo Dird are a youth team, they are no strangers to the game, having Xin Guan and Timothy Wu from this year's APBF U26 Champion team. Both Peter

Haw and Timothy Wu also finished second in the WBF Youth Championships in 2018 and 2023 respectively as part of the Singapore U26 team.

This would not last long though, as Ambassador struck back on the very next deal, and this match is starting to look promising indeed:

During the bidding, CC Loo enquired as to the meaning of 2♣ on his turn to bid and was told it was natural and non-forcing. He then decided to pass and EW found their way to 4♥ after Gideon rebid 2♣. Declarer took 12 tricks for -680 to NS and 5 IMPs to Djarum Senior.

At the end of the hand, TD (yours truly) was summoned to the table and the situation explained. All players including the vugraph operator agreed with the facts. The convention card of the EW pair stated that their partnership agreement for 2♣ was indeed a transfer to ♦s and West had given the wrong explanation.

The TDs conferred and agreed that South was misinformed by West and Law 21B3 might apply here if the offending side might gain an advantage.

The question here is: would South bid over 2♣ if he had been given the correct explanation? Hence the bidding question given on the previous page was polled to five other players of standard similar to South. Three of the

players chose to bid, and the other two who passed expressed interest in bidding on the following round if their partner still had interest in the auction.

Given the results of the poll, the TDs tried to construct possible auctions if South chose to bid on, eventually arriving at a weighted probability of:

50% of NS playing 5♣X-1
30% of NS playing 6♣X-2/4♠X-2
20% of the table result

How would this be scored? Each of the above possibilities would first be converted to IMPs with the Closed Room result, and then the probability weights applied. This leads to:

50% of NS +7 IMPs
30% of flat board
20% of NS -5 IMPs

Which leads to a final adjusted score of +2.5 IMPs to NS on this board.

With the last board being a push, Amanda thus wins the match 28.5-12 which translates to 14.93-5.07 in VPs.

Thus going into the last round, Amanda led the field by 10.76 VPs over second placed Djarum Super (67.26 and 56.5 VPs respectively).

A pretty exciting day, and a rare occasion where the bulletin editor gets to explain a weighted score TD ruling in detail!

Also, many thanks to our hard-working vugraph operators for the day!

Message from the Tournament Directors

Please remember to count your cards at the start of each hand!

Again, several teams were penalized for not counting. It is a requirement in the bridge laws (Law 7B2) to count before looking at the cards.

Please silence your phones!

Any ringing phones will incur an automatic 2VP penalty.

Please beware of COVID-19!

There has been a resurgence of cases in Singapore and various parts of Southeast Asia. If you are feeling unwell or experiencing flu-like symptoms, please request for an ART kit from the Secretariat on Level 21. For your safety, elderly players, pregnant women, and people with weak immune systems, are advised to mask up in the competition venue.

Trivia Corner

By now, you would likely know about the famous waterfall at Jewel Changi Airport. It's called the HSBC Rain Vortex, and is currently the tallest indoor waterfall in the world (40 metres). Be sure to give yourself an hour to stop by before you board the plane home! (There's also a Pokemon Center; a perfect spot for gifts if you have kids or young adult friends.)

Previously, the record was held by the waterfall in the Cloud Forest at Gardens by the Bay (35 metres). If you loved the 2009 sci-fi movie "Avatar", now is the time to visit, as there's an immersive walkthrough experience in the Cloud Forest, happening for a limited time. While you're there, make sure you go to the very top to see the "Ethereal White Persians" by Dale Chihuly too!
